FAQ: Household personal protection packs

What's a household personal protection pack?

The household personal protection pack has been designed to help prevent the spread of viruses and bacteria.

What's in the pack?

- *10 disposable 3 ply adult surgical face masks*

These face masks are the same as those used in surgeries. They offer high levels of bacterial filtration, excellent breathe-ability, are easy to fit and are splash resistant.

FAQ: Household personal protection packs

- *10 safety wipes*

The wipes are 70 per cent alcohol. They are rated to kill Methicillin-resistant Staphylococcus Aureus, Vancomycin-resistant Enterococcus, and Influenza A virus.

- *a copy of the leaflet Preparing for an Emergency*

This leaflet provides important information and advice on how to stock your pantry to ensure your household has an adequate supply of food, water and essential items to cope with a prolonged emergency situation.

How do I use the packs?

The surgical face masks should be worn by people who have influenza symptoms. They are designed to reduce the spread of viruses and bacteria to nearby people.

The safety wipes can be used to wash hands and clean surfaces if water is not available.

Preparing for an Emergency helps you prepare emergency supplies for your household.

Where can I get packs?

Packs are available from selected supermarkets.

FAQ: Household personal protection packs

- The leaflet *Preparing for an Emergency* was developed to help households become more self-reliant in an emergency situation that interrupts normal access to food and grocery supplies.

Can I get bulk packs?

Bulk discounts are available. Please contact the distributor ENWARE direct on 02 9525 9090 for further information.

Who organised the packs?

The household personal protection pack has been developed by the TISN Food Chain IAAG in conjunction with the Retailers Action Working Group and a supplier.

Disclaimer

The household personal protection packs should be used in conjunction with professional medical advice. The Trusted Information Sharing Network for Critical Infrastructure Protection, its members and the Retailers Action Working Group do not accept any legal liability or responsibility for illness, loss or damage arising from, or despite, the use of the packs.
